FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the State Courts Administrator (OSCA)** and the **Office of Administration Budget and Planning** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Officials from Greene County did not respond to **Oversight’s** request for fiscal impact for this proposal.

Oversight notes using information from the 2019 Annual Supplemental Report for Jury Trial Information from OSCA, there were 2,873 days where jurors were in session for both civil and criminal cases. Subtracting out Greene County’s jury days (125) since they currently receive \$50 per day after serving 2 days of jury service, the rest of the counties, including St. Louis City, used 2,748 (2,873 – 125) jury days. Since the rest of the counties are paid at a minimum of \$6 per day, the total juror payout for 2019 (not including Greene County) would be \$197,856 ((2,748 jury day * \$6/person) * 12 jurors per case).

This proposal would pay \$50 per day after 2 days of service for all counties in the state, not including St. Louis City. Using OSCA’s 2019 Annual Supplemental information as an example, there would be 21 circuits who would be affected by this proposal since they average more than 2 days for each case. This would result in a cost of up to \$406,104 (7,212 affected jurors * \$50/day = \$360,600 plus St. Louis City’s cost of \$45,504) or an increase in payout costs to jurors of \$208,248 if this proposal was enacted in 2019. This would be the minimum payout and does not include mileage reimbursement to jurors, since Oversight does not have that information available. Therefore, Oversight will reflect an unknown costs to pay jurors that could exceed \$208,248 annually.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other counties were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill specifies that, except in Greene County, the County Commission in any county may vote to restructure juror compensation so that grand and petit jurors do not get paid for the first two days of service but thereafter will receive \$50 per day, as well as \$0.07 per mile for necessary travel from the juror's residence to the courthouse and back, to be paid by the county. In Greene County, this pay structure is set by current law.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
