## FISCAL ANALYSIS

### ASSUMPTION

#### §196.1170 – Sale of kratom products

In response to the previous version of this proposal, officials from the **City of Kansas City** stated since this bill provides state regulation of the sale of kratom products, it may reduce gross receipts of businesses selling the product. In turn this may result in a reduction of licensing fees, which are based on gross receipts, of an indeterminable amount due to the City.

**Oversight** does not have information to the contrary; therefore, Oversight will reflect a \$0 to (Unknown) loss of revenue to local governments.

Officials from the **Missouri Office of Prosecution Services (MOPS)** assume the proposal will have no measurable fiscal impact on MOPS. The creation of a new crime (§196.1170.7(2)) creates additional responsibilities for county prosecutors and the circuit attorney which may, in turn, result in additional costs, which are difficult to determine.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for MOPS, county prosecutors and the circuit attorney.

Officials from the **Department of Commerce and Insurance**, the **Department of Health and Senior Services** and the **Office of the State Courts Administrator** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to the previous version of this proposal, officials from the **Department of Public Safety – Missouri Highway Patrol**, the **Office of the State Public Defender**, the **City of Ballwin**, the **City of Hale**, the **City of O’Fallon**, the **City of St. Louis** and the **City of Springfield** each assumed the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

#### Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact

for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, other cities and various county officials were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

This proposal may directly impact small businesses that sell kratom products.

FISCAL DESCRIPTION

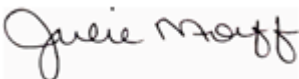

This bill establishes the "Kratom Consumer Protection Act", which requires dealers who prepare, distribute, sell, or expose for sale a food that is represented to be a kratom product to disclose on the product label the basis on which this representation is made. A dealer is prohibited from preparing, distributing, selling, or exposing for sale a kratom product that does not conform to these labeling requirements.

The provisions of this proposal provide that the general assembly hereby occupies and preempts the entire field of regulating kratom products to the complete exclusion of any order, ordinance, or regulation of any political subdivision of the state and any political subdivision's existing or future orders, ordinances, or regulations relating to kratom products are void.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
