FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Commerce and Insurance**, the **Department of Corrections**, the **Department of Public Safety - Missouri Highway Patrol**, the **Office of the State Courts Administrator**, the **Missouri Office of Prosecution Services** and the **Missouri Department of Transportation** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight notes officials from Department of Commerce and Insurance state motor clubs are not currently taxed under Chapter 148 and section 385.450.2 of the bill will not change taxation.

In response to a previous version, officials from the **Missouri State Public Defender (SPD)** cannot assumed existing staff would be able to provide competent, effective representation for any new cases where indigent persons are charged with the proposed new crime(s) of class A misdemeanor offense for the second violation of improper towing or class D felony for subsequent violation of improper towing in violation of Section 304.153 RSMo. An increase in caseload from this new crime is unlikely, however, if these offenses were always classified as a class D misdemeanor, as a first offense is, it would not qualify for public defender representation because it would be punishable by a fine only, and therefore there would be no impact on MSPD. The Missouri State Public Defender System is currently providing legal representation in caseloads in excess of recognized standards. While the number of new cases may be too few or uncertain to request additional funding for this specific bill, the Missouri State Public Defender will continue to request sufficient appropriations to provide competent and effective representation in all cases where the right to counsel attaches.
