

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-SECOND DAY, TUESDAY, APRIL 13, 2021

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

God has not given us the spirit of fear; but of power, and of love, and of a sound mind (II Timothy 1:7)

Eternal God, our Hope, who is the refuge of Your people in every age and our strength in this present hour, make Yourself powerfully real to us, as we bow humbly in Your presence. Help us to recognize our dependence upon You, our constant need of Your strength, Your guidance, and Your love. Help us to know that You are always with us and that with You we can be made ready for every responsibility and equal to every experience.

We pray for peace in our hearts, for cooperation among us, and for a faith in You, which makes this body strong, gives us courage, and helps us on our journey during this bicentennial year.

May Your Spirit touch each one of us with healing power. Kindle our faith; make sensitive our consciences; dedicate our strength; fortify us in our difficulties; and send us out strong in You and in the power of Your might.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed.

The department shall transmit such calculations to the charter school or school district and make such calculations publicly available on the department's website.

(f) The February local aid payment to charter schools within the school district shall be paid from the total local aid funds received in January by the school district. e. To determine the amount of the February local aid payment to each charter school within the school district, the school district shall multiply the value calculated in subparagraph d. of this paragraph by the current year estimated weighted average daily attendance for January for each charter school within the school district. The school district shall distribute the February local aid payment to each charter school within the school district on or before February twenty-eighth.

(g) The department shall adjust the net cost for providing special educational services for each charter school and each school district that has charter schools operating within the school district based on the report required in paragraph (d) of this subdivision for reasons including, but not limited to, underreporting or overreporting the number of students with an individualized educational plan or the cost to provide services to students with an individualized educational plan, failure to draw down funds under section 162.974, failure to draw down or accrue for within the applicable fiscal year all funds to which the charter school or school district is entitled under the federal Individuals with Disabilities Education Act (IDEA) (20 U.S.C Section 1400 et seq.), as amended, and costs determined by the department to be excessive relative to the special educational services provided.

(h) Any funds received by the school district or charter school under this subdivision shall not be considered when calculating a withhold or payment in paragraph (f) of this subdivision in the following year.

However, if the state board of education determines that circumstances exist where no appreciable additional expenses are incurred in transporting pupils living less than one mile from school, such pupils may be transported without increasing or diminishing the district's entitlement to state aid for transportation.

3. State aid for transporting handicapped and severely handicapped students attending classes within the school district or in a nearby district under a contractual arrangement shall be paid in accordance with the provisions of section 163.031 and an amount equal to seventy-five percent of the additional cost of transporting handicapped and severely handicapped students above the average per pupil cost of transporting all students of the district shall be apportioned pursuant to section 163.031 where such special transportation is approved in advance by the department of elementary and secondary education. State aid for transportation of handicapped and severely handicapped children in a special school district shall be seventy-five percent of allowable costs as determined by the state board of education which may for sufficient reason authorize amounts in excess of one hundred twenty-five percent of the state average approved cost per pupil transported the second previous year. In no event shall state transportation aid exceed seventy-five percent of the total allowable cost of transporting all pupils eligible to be transported; provided that no district shall receive reduced reimbursement for costs of transportation of handicapped and severely handicapped children based upon inefficiency.

4. No state transportation aid received pursuant to section 163.031 shall be used to purchase any school bus manufactured prior to April 1, 1977, that does not meet the federal motor vehicle safety standards.

5. Any school district that operates magnet schools as part of a master desegregation settlement agreement shall not be considered inefficient for purposes of state aid for transportation of pupils attending such magnet schools and shall not receive a financial penalty for the magnet school transportation portion of the overall transportation budget as a result thereof."; and"; and

2. Orphan children, children with only one parent living, and children whose parents do not contribute to their support—if the children are between the ages of six and twenty years and are unable to pay tuition—may attend the schools of any district in the state in which they have a permanent or temporary home without paying a tuition fee.

3. **(1) For all school years ending on or before June 30, 2022**, any person who pays a school tax in any other district than that in which ~~he~~ **the person** resides may send ~~his~~ **the person's** children to any public school in the district in which the tax is paid and receive as a credit on the amount charged for tuition the amount of the school tax paid to the district; except that any person who owns real estate of which eighty acres or more are used for agricultural purposes and upon which ~~his~~ **the person's** residence is situated may send ~~his~~ **the person's** children to public school in any school district in which a part of such real estate, contiguous to that upon which ~~his~~ **the person's** residence is situated, lies and shall not be charged tuition therefor; so long as thirty-five percent of the real estate is located in the school district of choice. The school district of choice shall count the children in its average daily attendance for the purpose of distribution of state aid through the foundation formula.

(2) For all school years beginning on or after July 1, 2022, any person who owns residential real property or agricultural real property and pays a school tax in any district other than the district in which the person resides may send any of the person's children to a public school in any district in which the person pays such school tax. The school district of choice shall count a child attending under this subdivision in its average daily attendance for the purpose of distribution of state aid through the foundation formula.

Such person shall not send any of ~~his~~ **such person's** children to the public schools of any district other than the one to which ~~he~~ **such person** has sent notice pursuant to this ~~subsection~~ **subdivision** in that school year or in which the majority of ~~his~~ **such person's** property lies without paying tuition to such school district.

(2) For all school years beginning on or after July 1, 2022, any owner of real property who elects to exercise the option provided in subdivision (2) of subsection 3 of this section shall exercise such option as provided in this subdivision. Such person shall send written notice to all school districts involved specifying which school district each child will attend thirty days prior to enrollment. When providing such notice, the person shall present proof of the person's payment of school taxes levied on the real property within such school district for the most recent two years. If a school district to which the person wishes to send a child does not receive the notification required under this subdivision, the child shall attend school in the district in which the person resides. Such person shall not send a child to the public schools of any district in which the person does not reside other than the district to which such person has sent notice under this subdivision relating to the particular child for that school year.

5. If a pupil is attending school in a district other than the district of residence and the pupil's parent is teaching in the school district or is a regular employee of the school district which the pupil is attending, then the district in which the pupil attends school shall allow the pupil to attend school upon payment of tuition in the same

manner in which the district allows other pupils not entitled to free instruction to attend school in the district. The provisions of this subsection shall apply only to pupils attending school in a district which has an enrollment in excess of thirteen thousand pupils and not in excess of fifteen thousand pupils and which district is located in a county ~~[of the first classification]~~ with a charter form of government which has a population in excess of six hundred thousand persons and not in excess of nine hundred thousand persons."; and

House Amendment No. 5

AMEND House Committee Substitute for House Bill No. 137, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"160.400. **1.** A charter school is an independent public school.

2. Except as further provided in subsection 4 of this section, charter schools may be operated only:

(1) In a metropolitan school district;

(2) In an urban school district containing most or all of a city with a population greater than three hundred fifty thousand inhabitants;

(3) In a school district that has been classified as unaccredited by the state board of education;

(4) In a school district that has been classified as provisionally accredited by the state board of education and has received scores on its annual performance report consistent with a classification of provisionally accredited or unaccredited for three consecutive school years beginning with the 2012-13 accreditation year under the following conditions:

(a) The eligibility for charter schools of any school district whose provisional accreditation is based in whole or in part on financial stress as defined in sections 161.520 to 161.529, or on financial hardship as defined by rule of the state board of education, shall be decided by a vote of the state board of education during the third consecutive school year after the designation of provisional accreditation; and

(b) The sponsor is limited to the local school board or a sponsor who has met the standards of accountability and performance as determined by the department based on sections 160.400 to 160.425 and section 167.349 and properly promulgated rules of the department; or

(5) In a school district that has been accredited without provisions, sponsored only by the local school board; provided that no board with a current year enrollment of one thousand five hundred fifty students or greater shall permit more than thirty-five percent of its student enrollment to enroll in charter schools sponsored by the local board under the authority of this subdivision, except that this restriction shall not apply to any school district that subsequently becomes eligible under subdivision (3) or (4) of this subsection or to any district accredited without provisions that sponsors charter schools prior to having a current year student enrollment of one thousand five hundred fifty students or greater.

3. Except as further provided in subsection 4 of this section, the following entities are eligible to sponsor charter schools:

(1) The school board of the district in any district which is sponsoring a charter school as of August 27, 2012, as permitted under subdivision (1) or (2) of subsection 2 of this section, the special administrative board of a metropolitan school district during any time in which powers granted to the district's board of education are vested in a special administrative board, or if the state board of education appoints a special administrative board to retain the authority granted to the board of education of an urban school district containing most or all of a city with a population greater than three hundred fifty thousand inhabitants, the special administrative board of such school district;

(2) A public four-year college or university with an approved teacher education program that meets regional or national standards of accreditation;

(3) A community college, the service area of which encompasses some portion of the district;

(4) Any private four-year college or university with an enrollment of at least one thousand students, with its primary campus in Missouri, and with an approved teacher preparation program;

(5) Any two-year private vocational or technical school designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended, and accredited by the Higher Learning Commission, with its primary campus in Missouri;

(6) The Missouri charter public school commission created in section 160.425.

4. Changes in a school district's accreditation status that affect charter schools shall be addressed as follows, except for the districts described in subdivisions (1) and (2) of subsection 2 of this section:

(1) As a district transitions from unaccredited to provisionally accredited, the district shall continue to fall under the requirements for an unaccredited district until it achieves three consecutive full school years of provisional accreditation;

(2) As a district transitions from provisionally accredited to full accreditation, the district shall continue to fall under the requirements for a provisionally accredited district until it achieves three consecutive full school years of full accreditation;

(3) In any school district classified as unaccredited or provisionally accredited where a charter school is operating and is sponsored by an entity other than the local school board, when the school district becomes classified as accredited without provisions, a charter school may continue to be sponsored by the entity sponsoring it prior to the classification of accredited without provisions and shall not be limited to the local school board as a sponsor.

A charter school operating in a school district identified in subdivision (1) or (2) of subsection 2 of this section may be sponsored by any of the entities identified in subsection 3 of this section, irrespective of the accreditation classification of the district in which it is located. A charter school in a district described in this subsection whose charter provides for the addition of grade levels in subsequent years may continue to add levels until the planned expansion is complete to the extent of grade levels in comparable schools of the district in which the charter school is operated.

5. The mayor of a city not within a county may request a sponsor under subdivision (2), (3), (4), (5), or (6) of subsection 3 of this section to consider sponsoring a "workplace charter school", which is defined for purposes of sections 160.400 to 160.425 as a charter school with the ability to target prospective students whose parent or parents are employed in a business district, as defined in the charter, which is located in the city.

6. No sponsor shall receive from an applicant for a charter school any fee of any type for the consideration of a charter, nor may a sponsor condition its consideration of a charter on the promise of future payment of any kind.

7. The charter school shall be organized as a Missouri nonprofit corporation incorporated pursuant to chapter 355. The charter provided for herein shall constitute a contract between the sponsor and the charter school.

8. As a nonprofit corporation incorporated pursuant to chapter 355, the charter school shall select the method for election of officers pursuant to section 355.326 based on the class of corporation selected. Meetings of the governing board of the charter school shall be subject to the provisions of sections 610.010 to 610.030.

9. A sponsor of a charter school, its agents and employees are not liable for any acts or omissions of a charter school that it sponsors, including acts or omissions relating to the charter submitted by the charter school, the operation of the charter school and the performance of the charter school.

10. A charter school may affiliate with a four-year college or university, including a private college or university, or a community college as otherwise specified in subsection 3 of this section when its charter is granted by a sponsor other than such college, university or community college. Affiliation status recognizes a relationship between the charter school and the college or university for purposes of teacher training and staff development, curriculum and assessment development, use of physical facilities owned by or rented on behalf of the college or university, and other similar purposes. A university, college or community college may not charge or accept a fee for affiliation status.

11. The expenses associated with sponsorship of charter schools shall be defrayed by the department of elementary and secondary education retaining one and five-tenths percent of the amount of state and local funding allocated to the charter school under section 160.415, not to exceed one hundred twenty-five thousand dollars, adjusted for inflation. The department of elementary and secondary education shall remit the retained funds for each charter school to the school's sponsor, provided the sponsor remains in good standing by fulfilling its sponsorship obligations under sections 160.400 to 160.425 and 167.349 with regard to each charter school it sponsors, including appropriate demonstration of the following:

(1) Expends no less than ninety percent of its charter school sponsorship funds in support of its charter school sponsorship program, or as a direct investment in the sponsored schools;

(2) Maintains a comprehensive application process that follows fair procedures and rigorous criteria and grants charters only to those developers who demonstrate strong capacity for establishing and operating a quality charter school;

(3) Negotiates contracts with charter schools that clearly articulate the rights and responsibilities of each party regarding school autonomy, expected outcomes, measures for evaluating success or failure, performance consequences based on the annual performance report, and other material terms;

(4) Conducts contract oversight that evaluates performance, monitors compliance, informs intervention and renewal decisions, and ensures autonomy provided under applicable law; and

(5) Designs and implements a transparent and rigorous process that uses comprehensive data to make merit-based renewal decisions.

12. Sponsors receiving funds under subsection 11 of this section shall be required to submit annual reports to the joint committee on education demonstrating they are in compliance with subsection 17 of this section.

13. No university, college or community college shall grant a charter to a nonprofit corporation if an employee of the university, college or community college is a member of the corporation's board of directors.

14. No sponsor shall grant a charter under sections 160.400 to 160.425 and 167.349 without ensuring that a criminal background check and family care safety registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and family care safety registry check are conducted for each member of the governing board of the charter school. **No individual shall be allowed to serve on a governing board of a charter school if the individual has been found guilty of or pled guilty to a felony under the federal laws of the United States of America, or to a felony under the laws of this state or an offense committed in another state that would be considered a felony in this state, or if such individual is prohibited from serving on any school board under section 162.014.**

15. No member of the governing board of a charter school shall hold any office or employment from the board or the charter school while serving as a member, nor shall the member have any substantial interest, as defined in section 105.450, in any entity employed by or contracting with the board. No board member shall be an

employee of a company that provides substantial services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450 for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489.

16. A sponsor shall develop the policies and procedures for:

(1) The review of a charter school proposal including an application that provides sufficient information for rigorous evaluation of the proposed charter and provides clear documentation that the education program and academic program are aligned with the state standards and grade-level expectations, and provides clear documentation of effective governance and management structures, and a sustainable operational plan;

(2) The granting of a charter;

(3) The performance contract that the sponsor will use to evaluate the performance of charter schools. Charter schools shall meet current state academic performance standards as well as other standards agreed upon by the sponsor and the charter school in the performance contract;

(4) The sponsor's intervention, renewal, and revocation policies, including the conditions under which the charter sponsor may intervene in the operation of the charter school, along with actions and consequences that may ensue, and the conditions for renewal of the charter at the end of the term, consistent with subsections 8 and 9 of section 160.405;

(5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and

(6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

17. (1) A sponsor shall provide timely submission to the state board of education of all data necessary to demonstrate that the sponsor is in material compliance with all requirements of sections 160.400 to 160.425 and section 167.349. The state board of education shall ensure each sponsor is in compliance with all requirements under sections 160.400 to 160.425 and 167.349 for each charter school sponsored by any sponsor. The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board shall evaluate sponsors to determine compliance with these standards every three years. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school."; and

- (1) The law enforcement officer who is the subject of the investigation shall be informed, in writing, of the existence and nature of the alleged violation and the individuals who will be conducting the investigation. The agency may, for good cause, petition the board overseeing the administration of discipline for an extension of time to complete the investigation. Absent consent from the officer being investigated, the board overseeing the administration of discipline shall set the petition for extension for hearing and provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension. If the board finds the agency has shown good cause for the granting of an extension of time to complete the investigation, the board shall grant an extension of up to sixty days. The agency shall be limited to two extensions per investigation; except that, if there is an ongoing criminal investigation, there shall be no limitation on the amount of sixty-day extensions;

(13) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer in writing of the investigative findings and any recommendation for further action, including discipline;

(5) The right of the law enforcement officer or his or her attorney to present witnesses and evidence in the officer's defense and a right to cross-examine any adverse witnesses against the officer;

(6) The right of the law enforcement officer to refuse to testify at the hearing if the officer is concurrently facing criminal charges in connection with the same incident. A law enforcement officer's decision not to testify shall not result in additional internal charges or discipline;

(8) The entire record of the hearing to remain confidential and shall not be subject to disclosure under chapter 610 except by lawful subpoena or court order.

5. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. 9. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken while off duty if such actions were taken under color of law. In the event a law enforcement officer is convicted of or pleads guilty to criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

10. No law enforcement officer shall be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the officer's assertion of his or her constitutional rights in any judicial proceeding unless the officer admits to wrongdoing, in which case the provisions of this section shall not apply.

11. No state or local governmental unit including, but not limited to, a county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision that employs a law enforcement officer shall enact, promulgate, enforce, or follow any law, regulation, or policy that would abolish, conflict with, modify, or in any way diminish any right or remedy provided to law enforcement officers under this section.

12. The rights set out in this section are minimum standards to be applied throughout the state. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided in this section.

13. The remedies provided by this section against law enforcement agencies or governmental bodies shall be in addition to those provided by any other provision of law. Any aggrieved law enforcement officer or authorized representative may seek judicial enforcement of the requirements of these sections. Suits to enforce these sections shall be brought in the circuit court for the county in which the law enforcement agency or governmental body has its principal place of business.

14. Upon a finding by a preponderance of the evidence that a law enforcement agency, governmental body, or member of such an entity has violated any provision of this section, a court shall void any action taken under this section. Suit for enforcement shall be brought within one year from the time a violation is ascertainable.

"Employer" shall not include the state of Missouri or its agencies, instrumentalities, or political subdivisions, including but not limited to any public institution of higher education, a corporation wholly owned by the state of Missouri, an individual employed by an employer, or corporations and associations owned or operated by religious or sectarian organizations; except that, "employer" shall include law enforcement agencies;

(3) "Proper authorities", a governmental or law enforcement agency, an officer of an employee's employer, the employee's supervisor employed by the employer, or the employee's human resources representative employed by the employer;

(4) "Protected person", an employee of an employer who has reported to the proper authorities an unlawful act of his or her employer; an employee of an employer who reports to his or her employer serious misconduct of the employer that violates a clear mandate of public policy as articulated in a constitutional provision, statute, or regulation promulgated under statute; or an employee of an employer who has refused to carry out a directive issued by his or her employer that if completed would be a violation of the law[~~—An employee of an employer is not a protected person if:~~

This section, in addition to chapter 213 and chapter 287, shall provide the exclusive remedy for any and all claims of unlawful employment practices.

4. It shall be an unlawful employment practice for an employer to discharge an individual defined as a protected person in this section because of that person's status as a protected person.

(2) Reimbursement of medical bills directly related to a violation of this section; and

(3) Additionally, if a protected person proves, by clear and convincing evidence, that the conduct of the employer was outrageous because of the employer's evil motive or reckless indifference to the rights of others, then, such person may receive double the amount awarded under subdivisions (1) and (2) of this subsection, as liquidated damages. In applying this subdivision, the provisions of section 510.263 shall be applied as though liquidated damages were punitive damages and as though the amounts referenced in subdivisions (1) and (2) of this subsection were compensatory damages.

8. The court, in addition to the damages set forth in subsection 7 of this section, may award the prevailing party court costs and reasonable attorney fees; except that a prevailing respondent may be awarded reasonable attorney fees only upon a showing that the case was without foundation."; and
