

HB 150 -- BLEEDING CONTROL KITS

SPONSOR: Shields

This bill creates the "Stop the Bleed Act", defines "bleeding control kits" and requires the Department of Elementary and Secondary Education (DESE) to develop a traumatic blood loss protocol for school personal by January 1, 2022.

The bill outlines the specific requirements for the blood loss protocol which shall include a bleeding control kit in each classroom in a school district. Additionally, each district must designate a minimum of five school personnel to receive annual training on the use of a blood control kit.

The bill requires DESE and each school district and charter school to maintain information regarding the traumatic blood loss protocol and the Stop the Bleed national awareness campaign on their respective websites. However, any school district or charter school that has a traumatic blood loss protocol prior to the effective date of this section shall be exempt from the requirements of this bill.

This bill is similar to HB 1991 (2020).
