

HB 179 -- ETHICS

SPONSOR: Ellebracht

Currently, any person who makes an expenditure of \$500 or more, other than contributions to candidates or committees, to support or oppose a candidate or ballot measure must file certain reports under Section 130.047, RSMo.

This bill requires any entity that is not a defined committee that makes aggregate expenditures of \$500 or more, other than contributions to candidates or committees, to support or oppose a candidate or ballot measure to file a quarterly donor report with the name and address of the donors to the entity who give more than \$50 to the entity in a quarter.

This bill is the same as HB 1368 (2020).
