

HB 578 -- MOTOR VEHICLE REGISTRATION (Bromley)

COMMITTEE OF ORIGIN: Standing Committee on Transportation

This bill repeals the provision of law which requires that vehicles manufactured as an even-numbered model year must be renewed each even-numbered calendar year and that vehicles manufactured as an odd-numbered model year must be renewed each odd-numbered calendar year.

The bill also provides that any motor vehicle not equipped with a front license plate bracket will not be required to display a front license plate. At the time of initial or renewal registration, the owner must surrender the front license plate to the Department of Revenue and notify the Department that the vehicle is not equipped with a front license plate bracket.
