

HB 716 -- PROPERTY ASSESSMENTS

SPONSOR: Rowland

If a County Board of Equalization does not make a final determination on an appeal of valuation from the valuation of the property by an assessor in the same calendar year in which the appeal is lodged, the appeal will terminate with the property being assigned the same valuation that the property was given at the more recent assessment prior to the assessment that was appealed.

This bill is the same as HB 2453 (2020).
