

HJR 7 -- TAXATION OF REAL PROPERTY

SPONSOR: Ellebracht

Upon voter approval, this proposed Constitutional amendment would prevent increases in the rates of any real property taxes levied on the primary residence of any individual 70 years or older, provided that they have not had sufficient income to be liable for any Missouri state income taxes for the previous three years.

This bill is the same as HJR 64 (2020) and similar to HJR 8 (2019).
