Dear Chairman and Distinguished Members of this Committee, I strongly urge you to vote "YES" on HB 1200. Few Missourians have done more to change the landscape of American media than the late Rush Limbaugh, a native of Cape Girardeau. His passion and his accomplishments are a credit to his state, but he did not develop this passion for activism by chance. His mother, Millie Limbaugh, was as rock-solid as they come. Millie was a dear friend of our founder Phyllis Schlafly, another Missourian who had a passion for grassroots engagement in politics. Missouri should be proud to honor a true radio pioneer like Rush. He was not just another radio host. He developed a new age of talk radio whose mark can still be felt today in countless other voices. He delivered independent news and commentary long before the idea of "fake news" was popularized by President Donald Trump. Future generations of Missourians should strive to be more like Rush Limbaugh. They should want to innovate, improve, and express their patriotism with pride. They should never back down from feats which have never been accomplished before. They should never be pressured into silence by political elites. Rush Limbaugh set a bold example for others to follow. The people of his home state would do well to honor his memory. Please vote "YES" on HB 1200. All the best. Ed Martin President, Phyllis Schlafly Eagles John Schlafly Treasurer, Phyllis Schlafly Eagles

Dear Chairman and Distinguished Members of this Committee, I strongly urge you to vote "YES" on HB 1200. Though I am not a Missourian, I am one of millions of patriots throughout America who have been touched by the legacy your native son Rush Limbaugh left behind. His voice of reason will be sorely missed by many. Although Mr. Limbaugh was a man of striking boldness and conviction, those are not his defining characteristics. What truly sets him apart is his ability to resonate with the boldness and conviction of others. At a time when Americans were given the Hobson's choice of three mainstream news networks, Rush Limbaugh stepped in to offer an alternative voice. He spoke his mind. He never shied away from the truth. He gave a voice to the voiceless. Multiple generations of grassroots activists were trained by Rush Limbaugh's voice on the airwaves. His enduring legacy is a challenge for Americans not only to make their voices heard, but to lift up the voices of others. Citizen participation in the political process is the privilege and duty our Founding Fathers left to us. The great John Adams wrote this in a letter dated April 26, 1777: "Posterity! You will never know, how much it cost the present Generation, to preserve your Freedom! I hope you will make good Use of it." The late Rush Limbaugh is a man who made good use of the freedom preserved since the time of our nation's founding. I strongly support this bill which seeks to recognize him with a special day to mark his accomplishments. It is my hope that this day will serve to call others to rise to the legacy Rush Limbaugh left for us all. I urge you to vote "YES" on HB 1200. Sincerely, Lt. Gen. Michael T. Flynn, USA (Ret.)

Chairman Hudson,I write today to voice my strong support for House Bill No. 1200, a bill introduced by Rep. Hardy Billington to designate January 12th as "Rush Limbaugh Day" in Missouri. Born in Cape Girardeau, Rush was a proud Missourian who never lost touch with his roots, even after he gained national prominence as a talk radio host. In fact, at the 2012 ceremony inducting him into the Hall of Famous Missourians, Rush credited his Missouri upbringing for his success. Carried on more than 600 radio stations nationwide, Rush gave a voice to his millions of listeners and was often credited with driving the national conversation on issues of importance to the American people. He was an essential conservative ballast in the national discourse and his influence on broadcasting can be seen in the generation of conservative talk radio hosts that have followed in his footsteps. His impact on our nation is undeniable.Rush was an icon of the American dream and American conservatism. His life exemplified the reward of hard work that he so firmly believed was within the grasp of every American. Every Missourian should be proud to call Rush a fellow Missourian and I believe he is deserving of the recognition House Bill No. 1200 would bring. I ask for your committee's swift consideration and approval of this legislation.Thank you,Jason SmithMember of Congress

Dear Special Committee on Tourism, I am testifying today in favor of HB 1200 which would designate "Rush Limbaugh Day" here in the state of Missouri. Rush Limbaugh, with humble beginnings in Cape Girardeau, MO, was unquestionably the leading voice in American radio for the last three decades. His unique work as a political commentator across the air waves transcended and transformed the way that millions of Americans across our nation received their news. His humor, boldness, knowledge, and love of America's founding principles made him a force to be reckoned with in the halls of Congress. Rush's ability gave a voice to the American working class and held the media and political elites, on both sides of the aisle, accountable to the America people. In 1992 Ronald Reagan wrote these words: "Dear Rush, now that I've retired from active politics. I don't mind that you have become the Number One voice for conservatism in our Country." Rush lived these words and boldly led the charge quickly to become the intellectual engine of the conservative movement. His influence spanned several generations of families as well as motivated hundreds and thousands of people, including myself, to go out and get involved as well to serve publically, whether it be on school boards, in city halls, in courthouses or capitals around our nation. Rush has won more award that can be mentioned, with the highest being that of the 2020 Presidential Medal of Freedom from President Donald J. Trump. Humbly, Rush never bragged about these awards and what many don't know is that over the last two decades Rush has been ranked in the top tier of charitable givers in our nation. There should be no doubt this solidifies his role as a leader and voice for freedom in our state and our nation's history.

Respectively, Vinnie Clubb Piedmont, Missouri (Wayne County) President of the Piedmont Area Chamber of Commerce Treasurer and Committeeman of the Wayne County Republican Central Committee Promotion and Education Committee Member of the Missouri Farm Bureau Legislative Chair of the Wayne County Missouri Farm Bureau Member of the Wayne County Missouri Cattlemen's Association

I oppose any sort of recognition, especially a special day, for Rush Limbaugh. He was a horrible person. He was a racist, a misogynistic person with very little good to say about anyone. He became extremely rich from his bad behavior. Isn't that enough?

Anyone who believed a word from him is delusional, he was a pig on so many subjects. I won't bother to go into all of the racist, homophobic, degenerate hate speech he spewed on the airways. Rush Limbaugh is from Missouri. Not a good enough reason to have a designated day for him though. He was racist, misogynistic and homophobic. He laughed as gay folks died of aids and said "When a gay person turns his back on you, it is anything but an insult; it's an invitation." On misogyny: "Women should not be allowed on juries where the accused is a stud." And he was racist: "The Los Angeles riots were not caused by the Rodney King verdict. The Los Angeles riots were caused by rioters." I oppose HB1200

It is as though the Republican Party in Missouri is committed to casting itself in cement as the party of racism, mysogyny, homophobia, xenophobia, and general hate. Does Rush embody the kind of discourse you want our children to emulate? Have you entirely given up on attracting diverse voters who have some standards of basic human kindness to your party? If the answer to these questions remains “we cast our lot with the memory of Rush Limbaugh, as cruel and obscene as he reveled in being,” you get what you get as you are eventually outnumbered and this grotesque decision you are considering is reversed. Do not honor this man. Take one tiny step to rising above that instinct to alienate constituents.

We're in the midst of a pandemic that has so far taken the lives of over 500,000 Americans and who knows how many Missourians, yet our far-right legislators waste time demanding that we all, for every year forward, dedicate a day to honoring one of the most controversial, misogynistic and bigoted Missourians ever! How about a day, instead, to honor Missourians struck down by this pandemic. Or how about a Mark Twain Day, a President Truman or President Grant Day, or a General Patton(?) Day, or if these legislators insist on someone controversial, we could always celebrate a General Wm. T. Sherman Day in view of his March to the Sea, which did much to end the Civil War. Anyone except this scurrilous individual who grubbed money and attention by spouting outrageous lies and seeking to divide us. It is time to end the cynical politics which he espoused and which culminated in the only armed attack upon our nation's Capitol since 1812 and an attempt to assassinate a sitting US Vice-President and prevent Congress from competing a Constitutionally mandated function! Let's end this insanity here and now!

I am writing in opposition to the designation of Rush Limbaugh Day. I am a lifelong Missourian. My family has lived here since the early 1800s and I have always been proud of my heritage as a Missourian. Designating a day to honor a man whose “humor” went beyond the bounds of off-color satire and instead extended into targeted bullying and bigotry, especially towards women, would be a stain on Missouri. Mr. Limbaugh used his radio show to attack women - for their looks, their weight, their sex life and for just being a woman. While there may be some in this room who found these comments innocuous or even humorous, that is your prerogative. But I would ask yourself, how you would feel if this “humor” was directed repeatedly towards your daughters or wives on a radio show with millions of listeners throughout the United States; a rallying cry to bullies throughout the country? Mr. Limbaugh ridiculed a 13 year-old girl, likening her to a dog. He accused a former New York Republican congressional candidate of having “screwed every RINO in the country”. Mr. Limbaugh used his platform to level attacks directed at a graduate student who testified before Congress.

“Can you imagine, if you’re her parents, how proud of Sandra Fluke you would be? Your daughter goes up to a congressional hearing....and testifies she’s having so much sex she can’t afford her own birth control pills...”. “What does it say about the college co-ed Susan Fluke [sic], who goes before a congressional committee and says that she must be paid to have sex. What does that make her? It makes her a slut, right? It makes her a prostitute. She wants to be paid to have sex. She’s having so much sex she can’t afford the contraception.”More than twenty times, Mr. Limbaugh harangued this young woman for advocating that prescription contraception, which has medical uses beyond contraception, be included in the ACA coverage just as any other prescription, like erectile dysfunction pills for example. In a week where it was reported that women in Missouri earned 78% of what their male counterparts did in 2019, the lowest the state’s ratio has been since 2015, it is especially galling to be reminded of Mr. Limbaugh’s comment that “feminism was established to allow unattractive women easier access to the mainstream of society”. I realize that to some “feminism” is a hot button word that elicits a visceral response. But at the heart of word is a movement for equality. Are there women in this body of government who think that they should be paid 78% that of their male legislators or not even allowed to serve in the first place merely because of their looks? I am the oldest of three daughters. My dad might not have been the most enlightened or sophisticated man in the world. He didn’t go to college. He grew up in an time and place where women were not considered equals. But, his views about women changed over time, partly because of societal progress and partly because of his life circumstances. Now, there is no greater champion of my sisters, my niece and me than my dad. He is proud to contribute four more to our family’s rich line of strong, independent, intelligent Missouri women. He would defend us fiercely against attacks from anyone using the tactics of Mr. Limbaugh. My dad only wants fairness for his daughters and granddaughter. He wants us to be treated with kindness and respect; as people whose value is more

than just aesthetics. And he wants us to have equal access to jobs and earnings based on our skills. In the eyes of Mr. Limbaugh that probably makes my 75 year-old dad, raised in rural Missouri, dirt poor most of his life, a flaming pro-feminist. But to me, it makes him a hero. Mr. Limbaugh fed on controversy. He chose to use shock and ad hominem attacks to make his points. For every person who found him funny, there are just as many residents of this state who found his words not just off-putting but hurtful, demeaning and devoid of any meaningful contribution to society. To bestow upon him his own day of honor, would be to hold him up as an example to our children and the world. There are many Missourians who have made meaningful contributions; who shine a positive light on our state; Missourians of whom we can all be proud. Let's put aside controversy and instead lift them up as an example to our children and the world as the best Missouri represents.

Limbaugh is not someone we should be celebrating in this day and age. He has said things that are insulting and divisive about immigrants, people of color, people of low socioeconomic status, native Americans, and women. He spewed vitriol and hate. He does not stand for the values we should uphold and admire- kindness, compassion, integrity, unity, and inclusiveness. Missouri should reflect that in who we choose to honor. As a teacher and a Registered Nurse, I vehemently oppose this bill.

**Me. Limbaugh, though popular, espoused hate and intolerance. I am against this bill. We want to honor Missourians of the highest character. He does not fit the bill. I would feel the same way about any left-leaning person as well. It's not about party, but the person.**

I understand that he is from Missouri. I understand that Missouri wants to celebrate and honor Missouri natives. However, honoring someone who is a racist and bigot in every way is an embarrassment on the state. It would put a black eye on how we are looked upon by other states and other countries. It's disgusting to even suggest this. It is disgusting that our legislators are trying to put him at the level of Truman. I hope this bill is rejected. It shouldn't matter if you are. Republican or Democrat. This is a disgrace and embarrassment no matter what party you are.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

**MISSOURIANS AGAINST RUSH LIMBAUGH DAY – HB1200MARCH 3, 2021**  
**PROGRESSWOMEN.COM** ENOUGH HATE Missourians are opposed to HB1200, designating January 12 as "Rush Limbaugh Day" in Missouri. In 2012 a bust of Limbaugh was secretly unveiled in the Missouri State Capitol, as chamber doors were locked & Highway Patrol barred Democratic legislators and the public from attending. Despite statewide outcry, the bust is STILL there with its very own security camera. MO GOP Chair Nick Myers said in commemorating Limbaugh's death: "To some, he was the 'most dangerous man in America.' To others, he was a comforting daily presence giving voice to 'the ways things ought to be'...Limbaugh was a master communicator whose presence in the media let millions know daily that they were not alone in their common-sense conservatism." "The way things ought to be"??? NO. HATE HAS NO PLACE HERE. Sexism, racism, homophobia and Islamophobia were Limbaugh's specialty, his bigotry and promotion of "birtherism" skyrocketing after President Barack Obama was elected. He described marriage equality as "perverted", "depraved" and a movement to normalize pedophilia. He called transgender people "mentally ill". Limbaugh went after every marginalized group and minority for years with ugly manic hate speech - opening the door wide open for Donald Trump who incited white supremacist antisemitic violence and on January 6, 2021, the deadly U.S. Capitol insurrection. A DAY GIVING LICENSE TO SPREAD ADDITIONAL HATE IS DANGEROUS AND NOT OUR VALUES. You, the Special Committee on Tourism and Speaker Vescovo have the power to stop this ugly bill. HATE HAS ABSOLUTELY NO PLACE HERE. Hon. Stacey Newman, Executive Director And almost 4000 Missourians in every corner of the state Leslie Freeman

I am strongly opposed to establishing a Rush Limbaugh state holiday in Missouri. I first heard of Limbaugh in 1992 when some people were laughing about his use of the derogative term "FemiNazis" to describe women who believed they should be afforded the same opportunities as men. Later, I watched my own well educated and respected father, a beloved physician in his community, fall more and more under Limbaugh's spell of hate and derision. He listened to Limbaugh's 3 hour tirades every day and became more and more angry and hateful, alienating family and friends. Limbaugh is not a person who contributed to lifting people up or making the discourse in America better. He insulted and fomented hatred towards women, Blacks, Asians, the LGBTQ community, Democrats, and more. I see no reason to celebrate that in the state of Missouri or anywhere, given the current rancor and division in this country and state. Let us let him rest in peace and hope that a more civil tone can heal our nation. Please vote NO on this HB 1200.

I had a wonderful, close-knit family until around 1988 or 1989 when my brother began listening to Rush Limbaugh non-stop. He poisoned my brother's brain, resulting in him turning on his own parents and preventing them from seeing their grandchildren. This bitterness continued until their deaths in 2015 and 2019. My cousin had visited my brother overnight and said that he kept his radio turned up so loudly that he could hear Rush from every room and not miss a word. My brother conscripted the Limbaugh hate rhetoric. My father had Parkinson's, and it disturbed me when he made fun of Michael J. Fox. I was distressed by his treatment of women and minorities as well. I don't believe that a man who was known for his hate and divisiveness, should receive ANY honors, much less a day to honor him. I believe his statue should be removed from the Missouri capitol building as well. We should honor those who have promoted peace and unity — not hatred and divisiveness. His promotion of conspiracy theories has contributed to the volatile situation we are in today. Please vote against this bill, regardless of party politics, and do not honor this man whose toxic rhetoric tore my family apart. I lost my brother, my nephews, and my great nieces and nephews over this. Moreover, it makes Missouri the laughingstock of America. How can we promote tourism when we are known for honoring the hate? How can we attract businesses when we are known for honoring such a man? We need to work towards healing, not harming. Please vote against this bill.

Rush Limbaugh represents some of the weaker aspects of this great state. The racism, xenophobia, homophobia, the list goes on. He could be called the father of fearmongering for all he's done to further an industry of lying partisans that serve to mislead people into believing they are somehow under attack from forces that either don't exist or are misconstrued.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

"Have you ever noticed how all composite pictures of wanted criminals resemble Jesse Jackson?" - A quote taken from Rush Limbaugh's radio show. One of many upsetting comments made by the joke of an air jockey, Rush Limbaugh only grew in popularity because of the hateful, bigoted, and racist comments that he has made throughout his career. When I first heard Rush's show, I was a college student working at a veterinarian hospital where the head vet would play Limbaugh's show during surgery. I didn't think the show could have possibly been real - women were often referred to as sluts, black men as monkeys, and anyone that didn't fit Limbaugh's version of how America should be was trash. He never shied away from saying mean, hurtful things because that is what got his ratings. I never paid too much mind to such a person because I have the ability to do something as simple as turn the radio off. However, when I learned that the state that I call home was considering making a day in honor of that despicable human being, I was mortified. Limbaugh is famous for his polarizing comments. He has marred an entire career out of ostracized minorities, women, and the LGBTQ community. What do Missouri leaders think that making a national day for him says? It says Missouri is the state for white, straight males and we give rewards to people who make a career out of trying to hurt anyone different. I have only been a Missourian for a few years now but I moved my family here to make this home. My family is very diverse, we have different color skin and a blend of cultures which only enriches our life - Limbaugh painted the picture that families like mine were wrong and that people with the skin color of my nephews was dangerous. I implore the leaders of the Missouri House to think heavily on this. The world is changing to be more open, more welcoming, more inclusive - hate like Limbaugh pushed has no place in the world and certainly does not deserve to be recognized as an honorable mention. Your job as elected leaders is to represent all of Missouri and, much to the good of boys dismay, this includes Black families, women, and gay people. We exist, too. Making Limbaugh Day is like a slap in the face and a shout from Missouri saying "If you aren't white, we don't want you here." is that the message the House wants to send? Please, shut this bill down immediately and let's keep moving Missouri forward with recognition of people who have done good work and unified the nation, not sought to divide and destroy.

Rush Limbaugh was a misogynist who coined the term "feminazi" and gleefully celebrated the death of AIDS patients on his radio show in a regular segment. He is unworthy of a state holiday. Passing this bill sends a message to women (and men) across the state that our government agrees with Limbaugh that women are meant for decorative purposes only, and if you aren't "hot," you have no worth to society. Please do not pass this bill.

I cannot think of anyone who least deserves to be honored in Missouri. He committed verbal assaults on women, minorities, LGBTQ community and others for years. He promoted lies and he was believed, even the lie that Biden is not POTUS, that second hand smoke was not dangerous, that people who got AIDS deserved it. He called a young female student who was advocating for birth control a slut repeatedly. I love our state but this man represents the antithesis of who I am and what I believe. I am insulted, embarrassed, horrified that this man has any place of honor anywhere. I oppose this bill. Let him rest and be forgotten.

I am very opposed to having a day honoring Rush Limbaugh in Missouri. His views were very repugnant to me and millions of other people living in Missouri. I am retired now, but I was a professional computer programmer and taught math and computer science. He referred to women by the pejorative term of "feminazis." We have a gay son, and he celebrated when gay men would die of AIDS. He was a divisive figure, to say the least. Celebrating him each year would continue this divisiveness in perpetuity. As a Christian, he embodied the antithesis of what Jesus taught. I know many Missouri conservatives who were appalled by his rhetoric. He is one of the people most responsible for the current state of our inability to talk to each other in a respectful and insightful way. Do not honor this dreadful man.

Rush Limbaugh did NOT represent the people of Missouri. His values and demeanor is not a good role model for our children. Awful idea. Quotes to demonstrate this include (found in different publications) :“Feminism was established to allow unattractive women easier access to the mainstream” “When a gay person turns his back on you, it is anything but an insult; it's an invitation.”“Women should not be allowed on juries where the accused is a stud.”“I think it's time to get rid of this whole National Basketball Association. Call it the TBA, the Thug Basketball Association, and stop calling them teams. Call 'em gangs.”Not a good role model for Missouri.

He made millions of dollars by inciting listeners to hate someone or something that they were (perhaps) trying to learn about. Who knows how he truly felt? Someone like Rush who is willing to incite and use others on such an enormous scale should be removed from collective memory, NOT HONORED. **March 3, 2021 TESTIMONY IN OPPOSITION OF HB1200 To: Members of the Special Committee on Tourism, Missouri House of Representatives**

As faith leaders, we are most concerned about HB1200 to designate January 12th every year as Missouri "Rush Limbaugh Day" and are in opposition. We understand Mr. Limbaugh is from Poplar Bluff, Missouri and was a renowned national radio host. He is already honored with a statue in our State Capitol. Given his divisive rhetoric – particularly in this time of political tension in our nation – we voice our concerns about further statewide honors for him. Limbaugh's style was grievance filled, shock-jock entertainment, as he strove to become a national conservative voice. His radio program promoted disdain for women, racial-ethnic minorities, Muslims, queer people, people with disabilities, and impoverished people. That group represents more than half of the population of Missouri! For years Limbaugh despised and attacked immigrants, refugees and those in poverty while celebrating and mocking the deaths of AIDS victims as well as those with debilitating diseases, including actor Michael J. Fox. This rhetoric does not represent all the people of Missouri. We find none of this "entertaining" and recognize the great pain Limbaugh caused many people and families throughout his career. Proposing a special day in remembrance of Limbaugh would give license for his messages of division to prosper just at the time we need to be about the work of healing. Limbaugh's hateful rhetoric and relentless attacks on marginalized communities and minorities are not our Christian values and are opposite of what we teach and minister every day. Jesus teaches that the Greatest Commandment of all is to love God and to love our neighbors. Rush Limbaugh's career sowed generations of fear and anger between neighbors. He is not an exemplary Missourian worthy of this type of state-wide recognition. We believe strongly that no matter one's religious denomination, identity, or cultural background, defaming and attacking our neighbors are not Missouri values. Missouri should show love, healing, and cooperation in these days, and resist carrying forward hate and division. Hate has no place here. Please vote NO on HB1200. Faithfully, Rev. I am not in favor of designating a day for this man. I feel his contribution was the proliferation of misinformation and propaganda. He was demeaning to many groups painting them in a negative light and blaming them for others' grievances they were suffering through. He contributed to the fracturing of American civil discourse and was a negative influence on our nation. He may have been famous and made wealthy for his craft but he is not worthy of admiration or commemoration by the state.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

I cannot oppose this bill strongly enough. Mr. Limbaugh propelled hateful words and actions across this country. He encouraged people to fear and dislike people who were different than them. He didn't encourage dialoge over differing opinions and he often disregarded data from experts and lived experiences of regular people. His supporters can commemorate his life and accomplishments however they please, but I do not think his values should be enshrined by our entire state. This does not represent many people and in fact, alienates and dehumanizes many Missourians, be they women, people of color, non-Christians, LGBTQ identifying people, and so many others. We should lead by example and Mr Limbaugh's example is not to be prescribed by a state legislature.

I am vehemently opposed to this bill. Recognizing and honoring anyone who made their living through demonizing others through vile, racist, misogynistic, xenophobic, homophobic hate-speech is abhorrent. Missouri has many of whom we can be proud. Rush Limbaugh is NOT one of those.

The very idea that our state would honor a guy who was so destructive to our American values is outrageous. Limbaugh mocked and viciously degraded anyone who disagreed with his view of the world. The only thing he has contributed to our nation is the incendiary rhetoric he spewed on the airwaves for years that has led to the divisive nation we live in today. There is no shortage of other people hailing from Missouri who went on to achieve great things and make positive contributions to our society who are deserving of a day of recognition. These include Jack Kilby, a physicist who helped create the first integrated circuit; Janet Kavandi, a Carthage native and astronaut of 3 space shuttle flights who served as director of NASA Glenn research center; Frankie Muse Freeman, a civil rights attorney and leader who lived and worked in St. Louis for decades; or Annie Malone, the first African-American millionaire whose philanthropy included opening an orphanage that still operates today as a non-profit aiding families and children in underserved areas. These are the types of people Missouri should recognize.

There is nothing about Rush Limbaugh to celebrate or honor. His vile, insulting, racist, misogynistic rhetoric over the decades help foment and spread hate and division among Americans. While each American has the right to free speech, we are not obligated to celebrate speech that is demeaning, uninformed, and harmful. HB 1200 would signify that the State of Missouri is proud of, and aligns with, hate, ignorance, and repulsive behavior. Missouri is better than this and I urge the State Legislature to abandon the effort of honoring a conspiracy-theorist felon.

Does Rush embody the kind of discourse you want our children to emulate? Have you entirely given up on attracting diverse voters who have some standards of basic human kindness to your party? If the answer to these questions remains “we cast our lot with the memory of Rush Limbaugh, as cruel and obscene as he reveled in being,” you get what you get as you are eventually outnumbered and this grotesque decision you are considering is reversed. Do not honor this man.
