7. Notwithstanding any other provision of this section, any covered voter as defined in section 115.902 or persons who have declared themselves to be permanently disabled pursuant to section 115.284, otherwise entitled to vote, shall not be required to obtain a notary seal or signature on his or her absentee ballot.

accompanied by a completed and signed affidavit, or because the ballot was voted with
unlawful assistance;

(3) "Spoiled ballot" is any ballot accidentally spoiled by a voter and replaced by
election judges in the manner provided in subsection 2 of section 115.439.
115.652. An election shall not be conducted under sections 115.650 to 115.660 unless:

5. The election is an issue election at which all of the qualified voters of any one political subdivision are the only voters eligible to vote.

[2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law to the contrary, an election may be conducted by mail as authorized under section 115.302, during the year 2020, to avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2. This subsection shall expire December 31, 2020.]

115.960. 1. An election authority is authorized to accept voter registration applications with a signature submitted to the election authority under the provisions of sections 432.200 to 432.295 as provided in this section:

1. Sections 432.200 to 432.295 shall only apply to transactions between parties that have agreed to conduct transactions by electronic means;

2. Except as provided in subsection 2 of this section, as used in this section and sections 432.200 to 432.295, the parties who agree to conduct voter registration transactions by electronic means shall be the local election authority who is required to accept or reject a voter registration application and the prospective voter submitting the application;

3. A local election authority is authorized to develop, maintain, and approve systems that transmit voter registration applications electronically under sections 432.200 to 432.295;

4. Except as provided in subsection 2 of this section and section 115.160, no officer, agency, or organization shall collect or submit a voter registration application with an electronic signature to an election authority without first obtaining approval of the data and signature format from the local election authority and the approval of the voter to collect and store the signature and data; and

5. Local election authorities who maintain a voter registration application system shall direct voter registration applicants from other jurisdictions to the system used by the local election authority for that jurisdiction to accept voter registration applications electronically.
2. A system maintained by the secretary of state's office shall be used to accept voter registration applications electronically subsequent to approval from the committee formed as set forth in this subsection:

(1) Within thirty days of, but in no event prior to January 1, 2017, the president of the Missouri Association of County Clerks and Election Authorities shall appoint fourteen of its members to serve on a committee to approve and develop uniform standards, systems, and modifications that shall be used by the secretary of state in any electronic voter registration application system offered by that office. The committee may also make recommendations regarding the purchase, maintenance, integration, and operation of electronic databases, software, and hardware used by local election authorities and the secretary of state's office including, but not limited to, systems used for military and overseas voting and for building and conducting election operations. The committee shall have fourteen local election authorities, including representatives of each classification of counties, a representative from an election board, and at least one member who has experience processing online voter registration transactions. In addition, one representative appointed by the secretary of state's office shall serve on the committee;

(2) The committee shall immediately meet to approve electronic signature formats and a minimum set of data collection standards for use in a voter registration application system maintained by the secretary of state;

(3) Once the format and data collection standards are approved by the committee and implemented for the system maintained by the secretary of state, local election authorities shall accept the transmission of voter registration applications submitted to the approved system under the provisions of sections 432.200 to 432.295;

(4) The secretary of state's office shall direct eligible voters to a local election authority's system to accept voter registration applications electronically if the local election authority has a system in place as of August 28, 2016, or implements a system that meets the same standards and format that has been approved by the committee for the secretary of state's system;

(5) The committee shall meet not less than semiannually through June 30, 2019, to recommend and approve changes and enhancements proposed by the secretary of state or election authorities to the electronic voter registration application system. Vacancies that occur on the committee shall be filled by the president of the Missouri Association of County Clerks and Election Authorities at the time of the vacancy;

(6) To improve the accuracy of voter registration application data and reduce costs for local election authorities, the system maintained by the secretary of state shall, as soon as is practical, provide a method where the data entered by the voter registration applicant does not have to be re-entered by the election authority to the state voter registration database.
3. Each applicant who registers using an approved electronic voter registration application system shall be deemed to be registered as of the date the signed application is submitted to the system, if such application is accepted and not rejected by the election authority and the verification notice required under section 115.155 is not returned as undeliverable by the postal service.

4. This section shall not apply to voter registration and absentee records submitted by voters authorized under federal law, section 115.291, or sections 115.900 to 115.936 to submit electronic records and signatures.

5. High quality copies, including electronic copies, of signatures made on paper documents may be used for petition signature verification purposes and retained as records.

6. Any signature required for petition submission under chapter 116 shall be handwritten on a paper document.

7. [Notwithstanding the provisions of section 432.230] Except as provided under sections 115.160 and 432.230, nothing in this section shall require the election authority to accept voter registration records or signatures created, generated, sent, communicated, received, stored, or otherwise processed, or used by electronic means or in electronic form from any officer, agency, or organization not authorized under subsection 2 of this section without prior approval from the election authority. Election authorities shall accept and process voter registration records, including electronic images of applicant signatures, transmitted electronically by the division of motor vehicle and driver licensing of the department of revenue under section 115.160. Except as provided in subsection 2 of this section and section 115.160, no officer, agency, or organization shall give the voter the opportunity to submit a voter registration application with an electronic signature without first obtaining the approval of the local election authority.

8. An election authority that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means.

9. No election authority or the secretary of state shall furnish to any member of the public any data collected under a voter registration application system except as authorized in subsections 1 to 5 of section 115.157.

10. Nothing in this section shall be construed to require the secretary of state to cease operating a voter registration application in place as of the effective date of this act.

[115.302. 1. Any registered voter of this state may cast a mail-in ballot as provided in this section. Nothing in this section shall prevent a voter from casting an absentee ballot, provided such person has not cast a ballot pursuant to this section. Application for a mail-in ballot may be made by the applicant in person, or by United States mail, or on behalf of the applicant by his or her guardian or relative within the second degree of consanguinity or affinity.]
2. Each application for a mail-in ballot shall be made to the election authority of the jurisdiction in which the person is registered. Each application shall be in writing and shall state the applicant's name, address at which he or she is registered, the address to which the ballot is to be mailed.

3. All applications for mail-in ballots received prior to the sixth Tuesday before an election shall be stored at the office of the election authority until such time as the applications are processed under section 115.281. No application for a mail-in ballot received in the office of the election authority after 5:00 p.m. on the second Wednesday immediately prior to the election shall be accepted by any election authority.

4. Each application for a mail-in ballot shall be signed by the applicant or, if the application is made by a guardian or relative under this section, the application shall be signed by the guardian or relative, who shall note on the application his or her relationship to the applicant. If an applicant, guardian, or relative is blind, unable to read or write the English language, or physically incapable of signing the application, he or she shall sign by mark that is witnessed by the signature of an election official or person of his or her choice. Knowingly making, delivering, or mailing a fraudulent mail-in ballot application is a class one election offense.

5. Not later than the sixth Tuesday prior to each election, or within fourteen days after candidate names or questions are certified under section 115.125, the election authority shall cause to have printed and made available a sufficient quantity of ballots, ballot envelopes, and mailing envelopes. As soon as possible after a proper official calls a special state or county election, the election authority shall cause to have printed and made available a sufficient quantity of mail-in ballots, ballot envelopes, and mailing envelopes.

6. Each ballot envelope shall bear a statement in substantially the same form described in subsection 9 of this section. In addition, any person providing assistance to the mail-in voter shall include a signature on the envelope identifying the person providing such assistance under penalties of perjury. Persons authorized to vote only for federal and statewide offices shall also state their former Missouri residence.

7. The statement for persons voting mail-in ballots who are registered voters shall be in substantially the following form:

State of Missouri
County (City) of ______
I, ______ (print name), a registered voter of ______ County (City of St. Louis, Kansas City), declare under the penalties of perjury that: I am qualified to vote at this election; I have not voted and will not vote other than by this ballot at this election; I further state that I marked the enclosed ballot in secret or that I am blind, unable to read or write English, or physically incapable of marking the ballot, and the person of my choosing indicated below marked the ballot at my direction; all of the information on this statement is, to the best of my knowledge and belief, true.

8. Upon receipt of a signed application for a mail-in ballot and if satisfied that the applicant is entitled to vote by mail-in ballot, the election authority shall, within three working days after receiving the application, or, if mail-in ballots are not available at the time the application is received, within five working days after such ballots become available, deliver to the voter a mail-in ballot, ballot envelope and such instructions as are necessary for the applicant to vote. If the election authority is not satisfied that any applicant is entitled to vote by mail-in ballot, the authority shall not deliver a mail-in ballot to the applicant. Within three working days of receiving such an application, the election authority shall notify the applicant and state the reason he or she is not entitled to vote by mail-in ballot. The applicant may file a complaint with the elections division of the secretary of state's office under section 115.219.

9. On the mailing and ballot envelopes for each covered voter, the election authority shall stamp the words "ELECTION BALLOT, STATE OF MISSOURI" and "U.S. Postage Paid, 39 U.S.C. Section 3406".

10. No information which encourages a vote for or against a candidate or issue shall be provided to any voter with a mail-in ballot.

11. Upon receiving a mail-in ballot by mail, the voter shall mark the ballot in secret, place the ballot in the ballot envelope, seal the envelope and fill out the statement on the ballot envelope. The statement required under subsection 7 of this section shall be subscribed and sworn to before a notary public or other officer authorized by law to administer oaths. If the voter is blind, unable to read or write the English language, or physically incapable of voting the ballot, the voter may be assisted by a person of the voter's own choosing. Any person who assists a voter and in any manner coerces or initiates a request or suggestion that the voter vote for or against, or refrain from voting on, any question or candidate, shall be guilty of a class one election offense. If, upon counting, challenge, or election contest, it is ascertained that any mail-in ballot was voted with unlawful assistance, the ballot shall be rejected.

12. Each mail-in ballot shall be returned to the election authority in the ballot envelope and shall only be returned by the voter by United States mail.

13. The secretary of state may prescribe uniform regulations with respect to the printing of ballot envelopes and mailing envelopes, which shall
comply with standards established by federal law or postal regulations. Mailing envelopes for use in returning ballots shall be printed with business reply permits so that any ballot returned by mail does not require postage. All fees and costs for establishing and maintaining the business reply and postage-free mail for all ballots cast shall be paid by the secretary of state through state appropriations.

14. All votes on each mail-in ballot received by an election authority at or before the time fixed by law for the closing of the polls on election day shall be counted. No votes on any mail-in ballot received by an election authority after the time fixed by law for the closing of the polls on election day shall be counted.

15. If sufficient evidence is shown to an election authority that any mail-in voter has died prior to the opening of the polls on election day, the ballot of the deceased voter shall be rejected if it is still sealed in the ballot envelope. Any such rejected ballot, still sealed in its ballot envelope, shall be sealed with the application and any other papers connected therewith in an envelope marked "Rejected ballot of ______, a mail-in voter of ______ voting district". The reason for rejection shall be noted on the envelope, which shall be kept by the election authority with the other ballots from the election until the ballots are destroyed according to law.

16. As each mail-in ballot is received by the election authority, the election authority shall indicate its receipt on the list.

17. All mail-in ballot envelopes received by the election authority shall be kept together in a safe place and shall not be opened except as provided under this chapter.

18. Mail-in ballots shall be counted using the procedures set out in sections 115.297, 115.299, 115.300, and 115.303.

19. The false execution of a mail-in ballot is a class one election offense. The attorney general or any prosecuting or circuit attorney shall have the authority to prosecute such offense either in the county of residence of the person or in the circuit court of Cole County.

20. The provisions of this section shall apply only to an election that occurs during the year 2020, to avoid the risk of contracting or transmitting severe acute respiratory syndrome coronavirus 2.

21. The provisions of this section terminate and shall be repealed on December 31, 2020, and shall not apply to any election conducted after that date.
