If a single application form is used, the voter registration application portion of any application described in subsection 1 of this section may not require any information that duplicates information required in the driver's license portion of the form, except a second signature or other information required by law.

3. After conferring with the secretary of state as the chief state election official responsible for overseeing of the voter registration process, the director of revenue shall adopt rules and regulations pertaining to the format of the voter registration application used by the department. The director of revenue shall utilize electronic voter registration application forms and provide for secure electronic transfer of voter registration information to election authorities. The secretary of state and the director of revenue shall ensure the confidentiality and integrity of the voter registration data collected, maintained, received, or transmitted under this section.

4. No information relating to the failure of an applicant for a driver's license or nondriver's license to sign a voter registration application may be used for any purpose other than voter registration.

5. Any voter registration application received pursuant to the provisions of this section shall be forwarded, in a secure and electronic manner, to the election authority located within that county or any city not within a county, or if there is more than one election authority within the county, then to the election authority located nearest to the location where the driver's license application was received. Voter registration information, including an electronic image of the signature of the applicant, shall be transmitted in a format compatible with the Missouri voter registration system established in section 115.158 which allows for review by the election authority and does not require the election
authority to manually reenter the information, provided that the election authority shall
print out a paper copy of the information and retain such information in the manner
required by section 115.145. The election authority receiving the application forms shall
review the applications and forward, in a secure and electronic manner, any applications
pertaining to a different election authority to that election authority.

6. A completed voter registration application accepted in the driver's licensing
process shall be transmitted to the election authority described in subsection 5 of this section
not later than [five] three business days after the form is completed by the applicant.

7. Any person registering to vote when applying for or renewing a Missouri driver's
license shall submit with the application form a copy of a birth certificate, a Native American
tribal document, or other proof of United States citizenship, a valid Missouri driver's license,
or other form of personal identification. Any person who, at the time of a transaction with
the division of motor vehicle and driver licensing of the department of revenue, provides
a document that establishes noncitizenship shall not be offered the opportunity to
register to vote as part of the transaction.

115.163. 1. Each election authority shall use the Missouri voter registration system
established by section 115.158 to prepare a list of legally registered voters for each precinct.
The list shall be arranged alphabetically or by street address as the election authority
determines and shall be known as the precinct register. The precinct registers shall be kept by
the election authority in a secure place, except when given to election judges for use at an
election. Except as provided in subsection 6 of section 115.157, all registration records shall
be open to inspection by the public at all reasonable times.

2. A new precinct register shall be prepared by the election authority prior to each
election.

3. (1) The election authority shall send to each voter, except those who registered by
mail and have not voted, a voter identification card no later than ninety days prior to the date
of a primary or general election for federal office, unless the voter has received such a card
during the preceding six months. The election authority shall send to each voter who
registered by mail and has not voted the verification notice required under section 115.155 no
later than ninety days prior to the date of a primary or general election for federal office.

(2) The voter identification card shall contain the voter's name, address, political
party affiliation, and precinct. The card also shall inform the voter of the personal
identification requirement in section 115.427 and may also contain other voting information
at the discretion of the election authority.

(3) The voter identification card shall be sent to a voter, except those who registered
by mail and have not voted, after a new registration or a change of address. If any voter,
except those who registered by mail and have not voted, shall lose his or her voter
identification card or change political party affiliation, he or she may request a new card from the election authority.

(4) The voter identification card authorized pursuant to this section may be used as a canvass of voters in lieu of the provisions set out in sections 115.179 to 115.193.

(5) Except as provided in subsection 2 of section 115.157, anyone, upon request and payment of a reasonable fee, may obtain a printout, list and/or computer tape of those newly registered voters or voters deleted from the voting rolls, since the last canvass or updating of the rolls.

(6) The election authority may authorize the use of the postal service contractors under the federal National Change of Address program to identify those voters whose address is not correct on the voter registration records. The election authority shall not be required to mail a voter registration card to those voters whose addresses are incorrect. Confirmation notices to such voters required by section 115.193 shall be sent to the corrected address provided by the National Change of Address program.

115.165. 1. If the voter files a change of address application in person at the office of the election authority, at the polling place, or pursuant to section 115.159, 115.160, 115.162 or 115.193, or otherwise provides signed written notice of the move, including notice by facsimile, electronic, or online transmission, an election authority may change the address on a voter registration record for a voter who moves within the election authority's jurisdiction after comparing and verifying the signature. Before changing the address on a voter record, the election authority shall be satisfied that the record is that of the person providing the change of address information.

2. A registered voter who has changed his or her residence within an election authority's jurisdiction and has not been removed from the list of registered voters pursuant to this chapter shall be permitted to file a change of address with the election authority or before an election judge at a polling place and vote at a central polling place or at the polling place that serves his or her new address upon written or oral affirmation by the voter of the new address.

3. A registered voter who has changed his or her residence within the state and has not been removed from the list of registered voters under this chapter shall be permitted to file a change of address in person at the office of the election authority on election day. In order to change an address in person on election day under this subsection, a registered voter shall provide a form of personal photo identification required under subsection 1 of section 115.427.

4. If the applicant for registration was last registered in another jurisdiction within this state or another state, the election authority shall send notice of the registration to the election authority where the applicant was previously registered. The election authority
sending the notice shall provide identifying information to assist the election authority receiving the notice to determine whether the person named was previously registered in such jurisdiction and whether, based on the identifying information provided, the application can be removed from the voting record in the former jurisdiction.

[4] 5. Upon receipt of a notice from another election authority that a voter has registered in another jurisdiction in this state or another state, the election authority shall determine whether sufficient information is provided in the notice to identify the person named in such notice as previously registered in the election authority's jurisdiction and presently removable from the voting records in the election authority's jurisdiction. Every election authority is authorized to examine the information provided in a notice of duplicate registration provided by the Missouri voter registration system authorized pursuant to section 115.158 to determine if a voter in one election authority's voter registration records has subsequently registered in another jurisdiction. If, after reviewing the information provided, the election authority is satisfied that the person identified in the notice is listed as a registered voter in the election authority's jurisdiction but has subsequently registered in another jurisdiction, the election authority may remove the person's registration from the list of registered voters.

115.168. 1. If a registered voter chooses to change his or her political party affiliation, the voter may notify the election authority of such change. Any change of political party affiliation shall be made by signed, written notice in substantially the same manner as a change of address application is filed under section 115.165.
2. For purposes of this section, the phrase "change his or her political party affiliation" shall mean changing affiliation from one established political party to another established political party, changing from affiliation with an established political party to unaffiliated, or changing from unaffiliated to affiliation with an established political party.

115.205. 1. [Any] No person [who is] shall be paid or otherwise compensated for soliciting [more than ten] voter registration applications, other than a governmental entity or a person who is paid or compensated by a governmental entity for such solicitation[—shall be registered with the secretary of state as a voter registration solicitor]. A voter registration solicitor who solicits more than ten voter registration applications shall register for every election cycle that begins on the day after the general election and ends on the day of the general election two years later. A voter registration solicitor shall be at least eighteen years of age and shall be a registered voter in the state of Missouri.
2. Each voter registration solicitor shall provide the following information in writing to the secretary of state's office:
   (1) The name of the voter registration solicitor;
(2) The residential address, including street number, city, state, and zip code;
(3) The mailing address, if different from the residential address; and
(4) Whether the voter registration solicitor expects to be paid for soliciting voter registrations;
(5) If the voter registration solicitor expects to be paid, the identity of the payor, or
(6) The signature of the voter registration solicitor.

3. The solicitor information required in subsection 2 of this section shall be submitted to the secretary of state's office with the following oath and affirmation:
"I HEREBY SWEAR OR AFFIRM UNDER PENALTY OF PERJURY THAT ALL STATEMENTS MADE BY ME ARE TRUE AND CORRECT."

4. Any voter registration solicitor who knowingly fails to register with the secretary of state is guilty of a class three election offense. Voter registration applications shall be accepted by the election authority if such applications are otherwise valid, even if the voter registration solicitor who procured the applications fails to register with or submits false information to the secretary of state.

115.225. 1. Before use by election authorities in this state, the secretary of state shall approve the marking devices and the automatic tabulating equipment used in electronic voting systems and may promulgate rules and regulations to implement the intent of sections 115.225 to 115.235.
2. No electronic voting system shall be approved unless it:
(1) Permits voting in absolute secrecy;
(2) Permits each voter to vote for as many candidates for each office as a voter is lawfully entitled to vote for;
(3) Permits each voter to vote for or against as many questions as a voter is lawfully entitled to vote on, and no more;
(4) Provides facilities for each voter to cast as many write-in votes for each office as a voter is lawfully entitled to cast;
(5) Permits each voter in a primary election to vote for the candidates of only one party announced by the voter in advance;
(6) Permits each voter at a presidential election to vote by use of a single mark for the candidates of one party or group of petitioners for president, vice president and their presidential electors;
(7) Accurately counts all proper votes cast for each candidate and for and against each question;
(8) Is set to reject all votes, except write-in votes, for any office and on any question when the number of votes exceeds the number a voter is lawfully entitled to cast;
(9) Permits each voter, while voting, to clearly see the ballot label;
(10) Has been tested and is certified by an independent authority that meets the voting system standards developed by the Federal Election Commission or its successor agency. The provisions of this subdivision shall not be required for any system purchased prior to August 28, 2002.

3. The secretary of state shall promulgate rules and regulations to allow the use of a computerized voting system. The procedures shall provide for the use of a computerized voting system with the ability to provide a paper audit trail. Notwithstanding any provisions of this chapter to the contrary, such a system may allow for the storage of processed ballot materials in an electronic form.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

5. If any election authority uses any touchscreen direct-recording electronic vote-counting machine, the election authority may continue to use such machine. Upon the removal of such voting machine from the election authority's inventory because of mechanical malfunction, wear and tear, or any other reason, the machine shall not be replaced and no additional direct-recording electronic vote counting machine shall be added to the election authority's inventory. Such machines shall not be used beginning January 1, 2024. Equipment that is designed for accessibility shall provide a paper ballot audit trail.

6. (1) Each election authority that controls its own information technology department shall, once every two years, allow a cyber security review of their office by the secretary of state or alternatively by an entity that specializes in cyber security reviews. Each political subdivision that controls the information technology department for an election authority shall, once every two years, allow a cyber security review of the information technology department by the secretary of state or alternatively by an entity that specializes in cyber security reviews. The secretary of state shall, once every two years, allow a cyber security review of its office by an entity that specializes in cyber security reviews. For purposes of this section, an entity specializes in cyber security review if it employs one or more individuals who:

(a) Have at least five years management experience in information security or five years experience as an information security analyst;
(b) Have worked in at least two of the domains listed in paragraph (c) of this subdivision that are covered in the exam required by such paragraph; and

(c) Have attained an information security certification by passing an exam that covers at least three of the following topics:

a. Information technology risk management, identification, mitigation, and compliance;

b. Information security incident management;

c. Information security program development and management;

d. Risk and control monitoring and reporting;

e. Access control systems and methodology;

f. Business continuity planning and disaster recovery planning;

g. Physical security of election authority property;

h. Networking security; or

i. Security architecture application and systems development.

(2) If an election authority or political subdivision fails to have a cyber security review as required by this subsection, the secretary of state may publish a notice of noncompliance in a newspaper within the jurisdiction of the election authority or in electronic format. The secretary of state is also authorized to withhold funds from an election authority in violation of this section unless such funding is a federal mandate or part of a federal and state agreement.

7. The secretary of state shall have authority to require cyber security testing, including penetration testing, of vendor machines, programs, and systems. Failure to participate in such testing shall result in a revocation of vendor certification. Upon notice from another jurisdiction of cyber security failures or certification withholds or revocation, the secretary of state shall have authority to revoke or withhold certification for vendors. The requirements of this section shall be subject to appropriation for the purpose of cyber security testing.

8. The secretary of state may designate an organization of which each election authority shall be a member, provided there is no membership fee and the organization provides information to increase cyber security and election integrity efforts.

115.237. 1. Each ballot printed or designed for use with an electronic voting system for any election pursuant to this chapter shall contain all questions and the names of all offices and candidates certified or filed pursuant to this chapter and no other. Beginning January 1, 2023, the official ballot shall be a paper ballot that is hand-marked by the voter or by the voter's designee as permitted in section 115.445, unless such voter chooses to use a ballot marking device as provided in section 115.225. As far as practicable, all questions and the names of all offices and candidates for which each voter is entitled to vote shall be
printed on one page except for the ballot for political party committee persons in polling
places not utilizing an electronic voting system which may be printed separately and in
conformity with the requirements contained in this section. As far as practicable, ballots
containing only questions and the names of nonpartisan offices and candidates shall be
printed in accordance with the provisions of this section, except that the ballot information
may be listed in vertical or horizontal rows. The names of candidates for each office shall be
listed in the order in which they are filed.

2. In polling places using electronic voting systems, the ballot information may be
arranged in vertical or horizontal rows or on a number of separate pages or screens. In any
event, the name of each candidate, the candidate's party, the office for which he or she is a
candidate, and each question shall be indicated clearly on the ballot.

3. Nothing in this subchapter shall be construed as prohibiting the use of a separate
paper ballot for questions or for the presidential preference primary in any polling place using
an electronic voting system.

4. Where electronic voting systems are used and when write-in votes are authorized
by law, a write-in ballot, which may be in the form of a separate paper ballot, card, or
envelope, may be provided by the election authority to permit each voter to write in the names
of persons whose names do not appear on the ballot.

5. No ballot printed or designed for use with an electronic voting system for any
partisan election held under this chapter shall allow a person to vote a straight political party
ticket. For purposes of this subsection, a "straight political party ticket" means voting for all
of the candidates for elective office who are on the ballot representing a single political party
by a single selection on the ballot.

6. The secretary of state shall promulgate rules that specify uniform standards for
ballot layout for each electronic or computerized ballot counting system approved under the
provisions of section 115.225 so that the ballot used with any counting system is, where
possible, consistent with the intent of this section. Nothing in this section shall be construed
to require the format specified in this section if it does not meet the requirements of the ballot
counting system used by the election authority.

7. Any rule or portion of a rule, as that term is defined in section 536.010, that is
created under the authority delegated in this section shall become effective only if it complies
with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028.
This section and chapter 536 are nonseverable and if any of the powers vested with the
general assembly pursuant to chapter 536 to review, to delay the effective date or to
disapprove and annul a rule are subsequently held unconstitutional, then the grant of
rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid
and void.
115.257. 1. In jurisdictions where electronic voting machines are used, the election
authority shall cause the voting machines to be put in order, set, adjusted and made ready for
voting before they are delivered to polling places.
2. At least five days before preparing electronic voting machines for any election,
notice of the time and place of such preparation shall be mailed to each independent candidate
and the chairman of the county committee of each established political party named on the
ballot. The preparation shall be watched by two observers designated by the election
authority, one from each major political party, and shall be open to representatives of the
political parties, candidates, the news media and the public.
3. When an electronic voting machine has been examined by such observers and
shown to be in good working order, the machine shall be locked against voting. The
observers shall certify the vote count on each machine is set at zero.
4. After an electronic voting machine has been properly prepared and locked, its keys
shall be retained by the election authority and delivered to the election judges along with the
other election supplies.
5. For the purpose of processing absentee ballots, cast by voters in person in the office
of the election authority that is deemed designated as a polling place, the election authority
may cause voting machines, if used, to be put in order, set, adjusted, tested, and made ready
for voting within one business day of the printing of absentee ballots as provided in section
115.281. The election authority shall have the recording counter except for the protective
counter on the voting machine set to zero (000). After the voting machines have been made
ready for voting, the election authority shall not permit any person to handle any voting
machine, except voters while they are voting and others expressly authorized by the election
authority. The election authority shall neither be nor permit any other person to be in any
position or near any position that enables the authority or person to see how any absentee
voter votes or has voted.
6. Nothing in this section shall prohibit the on-site storage of electronic voting
machines and the preparation of the electronic machines for voting, provided the electronic
voting machines are put in order, set, adjusted and made ready for voting as provided in
subsections 1, 2, 3, 4, and 5 of this section.
115.275. As used in sections 115.275 to 115.304, unless the context clearly indicates
otherwise, the following terms shall mean:
(1) "Absentee ballot", any ballot a person is authorized to cast in the office of the election authority, by mail, or at another

115.277. 1. A registered voter of this state may cast an absentee ballot in person at a location designated by the election authority for all candidates and issues for which such voter is eligible to vote at the polling place if such voter expects to be prevented from going to the polls to vote on election day due to one of the reasons listed in subsection 3 of this section. A registered voter casting a ballot under the provisions of this subsection shall provide a form of personal photo identification that is consistent with subsection 1 of section 115.427. Beginning on the second Tuesday prior to an election, a reason listed under subsection 3 of this section shall not be required, provided that the provisions of section 1.140 to the contrary notwithstanding, this sentence and section 115.427 shall be nonseverable, and if any provision of section 115.427 is for any reason held to be invalid, such decision shall invalidate this sentence.

2. Except as provided in subsections [2, 3, 4, 5, and 6] of this section, [any] a registered voter of this state may [vote by] cast an absentee ballot not in person at a location designated by the election authority for all candidates and issues for which such voter would be eligible to vote at the polling place if such voter expects to be prevented from going to the polls to vote on election day due to one of the reasons listed in subsection 3 of this section. An absentee ballot that is not requested and completed in person at the office of the election authority with a form of personal photo identification that is consistent with subsection 1 of section 115.427 shall have the statement on the ballot envelope notarized as required under section 115.283, except that absentee ballots requested under subdivisions (2) and (5) of subsection 3 of this section shall not require notarization. This subsection shall apply only in the case of absentee ballots that are not cast in person.

3. A voter may request an absentee ballot for any of the following reasons:

(1) Absence on election day from the jurisdiction of the election authority in which such voter is registered to vote;

(2) Incapacity or confinement due to illness or physical disability on election day, including a person who is primarily responsible for the physical care of a person who is incapacitated or confined due to illness or disability and resides at the same address;

[2-] 4. Any covered voter who is eligible to register and vote in this state may vote in any election for federal office, statewide office, state legislative office, or statewide ballot initiatives by submitting a federal postcard application to apply to vote by absentee ballot or by submitting a federal postcard application at the polling place even though the person is not registered. A federal postcard application submitted by a covered voter pursuant to this subsection shall also serve as a voter registration application under section 115.908 and the election authority shall, if satisfied that the applicant is entitled to register, place the voter's name on the voter registration file. Each covered voter may vote by absentee ballot or, upon submitting an affidavit that the person is qualified to vote in the election, may vote at the person's polling place.

[3-] 5. Any interstate former resident may vote by absentee ballot for presidential and vice presidential electors.

[4-] Any intrastate new resident may vote by absentee ballot at the election for presidential and vice presidential electors, United States senator, representative in Congress, statewide elected officials and statewide questions, propositions and amendments from such resident's new jurisdiction of residence after registering to vote in such resident's new jurisdiction of residence.

[5-] 6. Any new resident may vote by absentee ballot for presidential and vice presidential electors after registering to vote in such resident's new jurisdiction of residence.

[6-] For purposes of this section, the voters who are in an at-risk category for contracting or transmitting severe acute respiratory syndrome coronavirus 2 are voters who:

115.279. 1. Application for an absentee ballot may be made by the applicant in
person, or by mail, or for the applicant, in person, by his or her guardian or a relative within
the second degree by consanguinity or affinity. The election authority shall accept
applications by facsimile transmission and by electronic mail within the limits of its
telecommunications capacity.

2. Notwithstanding section 115.284, no individual, group, or party shall solicit a
voter into obtaining an absentee ballot application. Absentee ballot applications shall
not have the information pre-filled prior to it being provided to a voter. Nothing in this
section shall be interpreted to prohibit a state or local election authority from assisting
an individual voter.

3. Each application shall be made to the election authority of the jurisdiction in which
the person is or would be registered. Each application shall be in writing and shall state the
applicant's name, address at which he or she is or would be registered, his or her reason for
voting an absentee ballot, the address to which the ballot is to be mailed, if mailing is
requested, and for absent uniformed services and overseas applicants, the applicant's email
address if electronic transmission is requested. If the reason for the applicant voting absentee
is due to the reasons established under subdivision (6) of subsection 1 of section 115.277, the
applicant shall state the voter's identification information provided by the address
confidentiality program in lieu of the applicant's name, address at which he or she is or
would be registered, and address to which the ballot is to be mailed, if mailing is requested.
Each application to vote in a primary election shall also state which ballot the applicant
wishes to receive. If any application fails to designate a ballot, the election authority shall,
within three working days after receiving the application, notify the applicant by mail that it
will be unable to deliver an absentee ballot until the applicant designates which political party
ballot he or she wishes to receive. If the applicant does not respond to the request for political
party designation, the election authority is authorized to provide the voter with that part of the
ballot for which no political party designation is required.

[3. Except as provided in subsection 3 of section 115.281,] 4. All applications for
absentee ballots received prior to the sixth Tuesday before an election shall be stored at the
office of the election authority until such time as the applications are processed in accordance
with section 115.281. No application for an absentee ballot received in the office of the
election authority by mail, by facsimile transmission, by electronic mail, or by a guardian or
relative after 5:00 p.m. on the second Wednesday immediately prior to the election shall be
accepted by any election authority. No application for an absentee ballot submitted by the
applicant in person after 5:00 p.m. on the day before the election shall be accepted by any
election authority, except as provided in subsections [6-8] 7, 8, and 9 of this section.

[4-] 5. Each application for an absentee ballot shall be signed by the applicant or, if
the application is made by a guardian or relative pursuant to this section, the application shall
be signed by the guardian or relative, who shall note on the application his or her relationship
to the applicant. If an applicant, guardian or relative is blind, unable to read or write the
English language or physically incapable of signing the application, he or she shall sign by
mark, witnessed by the signature of an election official or person of his or her own choosing.
Any person who knowingly makes, delivers or mails a fraudulent absentee ballot application
shall be guilty of a class one election offense.

[5-] 6. (1) Notwithstanding any law to the contrary, any resident of the state of
Missouri who resides outside the boundaries of the United States or who is on active duty
with the Armed Forces of the United States or members of their immediate family living with
them may request an absentee ballot for both the primary and subsequent general election
with one application.

(2) The election authority shall provide each absent uniformed services voter and
each overseas voter who submits a voter registration application or an absentee ballot request,
if the election authority rejects the application or request, with the reasons for the rejection.

(3) Notwithstanding any other law to the contrary, if a standard oath regarding
material misstatements of fact is adopted for uniformed and overseas voters pursuant to the

5:00 p.m. on the first day for filing, the secretary of state shall determine by random drawing the order in which such candidates' names shall appear on the ballot. The drawing shall be conducted so that each candidate, or candidate's representative, may draw a number at random at the time of filing. The secretary of state shall record the number drawn with the candidate's request to be included on the presidential primary ballot. The names of candidates filing on the first day for filing on each party ballot shall be listed in ascending order of the numbers so drawn.

[115.767. Each election authority shall cause the name of candidates certified by the secretary of state to appear on the presidential preference primary ballot of each party, followed by a listing for an uncommitted vote.]

[115.770. The conduct of the presidential preference primary election and the count and canvass of the votes cast therein shall conform as nearly as is practicable to that prescribed for the conduct of the primary election for state officers. All primary election laws not inconsistent with the provisions of sections 115.750 to 115.785 shall be applicable to the conduct of this election, and the form of the ballot insofar as is practicable shall be substantially as that prescribed by section 115.395. In a presidential preference primary, each voter shall be entitled to receive the ballot of one and only one established political party, designated by the voter before receiving such voter's ballot. Each voter who participates in a presidential preference primary shall be entitled to vote on all questions and for any candidates submitted by political subdivisions and special districts at the general municipal election. Each voter who does not wish to participate in a presidential preference primary may vote on all questions and for any candidates submitted by a political subdivision or special district at the general municipal election.]

[115.773. After the count and canvass of the votes cast, the secretary of state shall notify the state chair of each of the established political parties for whom a candidate was listed, of the number of votes recorded in that established political party's primary that each candidate and uncommitted listing received.]

[115.785. All costs of a presidential preference primary shall be paid by the state, except that, pursuant to section 115.065, costs shall be shared proportionately by the state and any political subdivisions and special districts holding an election on the same day as any such primary. For any county with more than five hundred polling places, the state shall assist in assuring adequate poll workers and equipment.]
