

HCS HB 1595 -- ELECTIONS

SPONSOR: Hudson

COMMITTEE ACTION: Voted "Do Pass with HCS" by the Standing Committee on Elections and Elected Officials by a vote of 8 to 4. Voted "Do Pass" by the Standing Committee on Rules- Administrative Oversight by a vote of 7 to 2.

The following is a summary of the House Committee Substitute for HB 1595.

Beginning January 1, 2023, this bill requires the use of paper ballots for all elections. Until January 1, 2024, election authorities may continue to use electronic touchscreen machines for disabled voters. Marking devices will also be permissible to assist voters with paper ballot marking, or voters may choose to have assistance as currently authorized under Section 115.445, RSMo.

The bill prohibits unattended depositories, known as a drop box, for depositing an election ballot. This does not include mail boxes under the ownership and control of the United States Postal Service.

This bill is similar to HB 925 (2021).

The following is a summary of the public testimony from the committee hearing. The testimony was based on the introduced version of the bill.

PROPOSERS: Supporters say that hand-marked paper ballots are an excellent elections security measure and will allow election audits if needed. Ballot marking devices should be used only upon request because they do use software.
