I support HB 1713 and encourage the committee to pass this bill. This nation was founded on the principle of religious liberty as colonists were escaping religious persecution in England. This is well documented in history and enshrined in our Constitution. Given the circumstances surrounding Covid -19 and the closing of churches by government order, I believe this legislation is warranted in ensuring that religious liberty is not infringed upon again.

I am a 24 year veteran teacher in the St. Louis Public School District. They mandated vaccinations and were accepting medical and religious exemptions. The accommodation was to test weekly if your exemption got accepted. My religious exemption was not accepted and there was no explanation. Some medical exemptions were accepted but NO religious exemptions were accepted. This information came from the Chief Human Resource Officer. This discrimination and it breaks the law and policies put in place at St. Louis Public Schools. Because of this, I have been on unpaid administrative leave since October 19, 2021. I have hired a lawyer, along with other employees, but the district keeps pushing back hearings and decisions to end this situation. We want to be back in our classroom with our students! I hope this bill will help in that effort. Thank you!

I support this bill. Churches should not be forced to be shut down. We should have the freedom to assemble, regardless of any health situations.

My family takes our religious beliefs very seriously. We attend church twice weekly, and we serve regularly too outside of service times. This bill seems like it shouldn't be needed because the US Constitution gives us this freedom, but it is needed because of tyrannical officials who shut down and forbade people from worshipping during the pandemic. This bill is a great idea and protects those of us who seriously practice our religious beliefs.

I support this Bill. Our country was founded on separation of church and state. Private places of worship should not be subject to governmental overreach and shutdown. Churches can make their own decision on how to be serve their members.

My name is Mary Haley and I am a Missouri constituent in Howell County. I support HB 1713 because I am a Christian who deeply believes that in times of hardship people should still have the right to choose for themselves if they want to go to a place of worship for a sense of peace, guidance and to be able to be free to worship in accordance to the dictates of their faith. It should be within an individuals own right decide for themselves if they are willing to risk being ill in order to worship God. That decision should be up to the individual and their families and not the government. Places of worship should not just be able to be closed at the whim of the government no matter what is going on.
